

How can you save water?

Take shorter showers - one minute less can save 200 litres per month!

Turn the tap off when you brush your teeth.

Use a bucket of water to wash your bike or family car

Use a washing up bowl to wash dishes and water the garden with the leftovers.

Only turn on the washing machine if it's full

Turn off the tap when you're rubbing soap into your hands.

If you have a dual flush toilet, always use the half flush button when you can.
